

Distinguished Alumni

Shri Amitabh Mathur

Shri Amitabh Mathur, is a 1980 batch Mechanical Engineer from Delhi College of Engineering. He also holds a Masters in Business Administration from Faculty of Management Studies, Delhi University

Shri Mathur, is presently Director (Industrial Systems & Products) on the Board of Bharat Heavy Electricals Limited (BHEL) . a Maharatna PSU. He is the business sector head looking after various industry specific businesses like captive power plants, industrial products, transmission business, renewable energy, water, transportation and defence. He is responsible for the diversification and growth specific activities being carried out by BHEL especially in the area of solar energy, municipal water business, electric mobility, high speed trains, strategic equipments, HVDC and smart grids.

He has more than 36 years of rich, diversified and versatile professional experience through working in major segments of BHEL and has handled a variety of responsibilities in strategic as well as operational areas in various capacities and functions. He has an impressive track record of both business development and project execution of large sized Coal, Hydel & Gas Power Plants on Turnkey/EPC basis. His hands-on experience in market intelligence, identifying business opportunities, development of strategies and relationship building helped in securing substantial orders worth Rs.59,000 Crs from a broad base of customers in a highly competitive environment.

Prior to taking over as Director (IS&P), he was overall in-charge of Power Sector Eastern Region (PSER), the largest power sector region of BHEL. Mr. Mathur created new benchmarks in project execution of over 40 project sites across the country and abroad both in power as well as industrial segments. Under his able leadership, PSER achieved synchronization and commissioning of over 4500 MW of power projects.

His father Shri Girija Kumar was a famous Hindi poet and recipient of various awards. In his spare time, Sh Amitabh Mathur enjoys spending time on the badminton court, also he is a talented player of musical instruments.
